

A european based community of
engaged management scholars

EURAM SIG Entrepreneurship

1st Paper Development Workshop

Online – on 23 of October 2023

What

The purpose of the 1st EURAM SIG Entrepreneurship Paper Development Workshop – PDW is to facilitate a roundtable among young and experienced scholars in the field of entrepreneurship and support young scholars (Ph.D. students and/or early career scholars) to better address their contributions to the EURAM conference thanks to their papers' discussion with our community scholars.

The PDW wants to be a white laboratory, a friendly environment with a positive and fruitful exchange of ideas and food for thought.

Participants

The 1st EURAM SIG Entrepreneurship PDW is aimed at young scholars interested in entrepreneurship. Young scholars will have the opportunity to present and discuss their works with a team of Volunteer Facilitators, including Experienced Referees and Discussants from the SIG Entrepreneurship community. To stimulate a non-dispersive and inclusive discussion, the PDW will select and include a maximum of three papers.

Format

Young scholars will have the opportunity to present their research projects (approximately 15 minutes). Experienced scholars will be devoted to an open discussion of the papers, by providing comments and questions and suggesting revisions to improve the extended abstracts (approximately 10 minutes per paper).

Where and when

Online Platform Microsoft Teams - Monday, October 23rd, 2023 (3:00-4:30 pm CEST)

How to apply

Young scholars are invited to submit their empirical and theoretical extended abstracts to be considered for the 1st EURAM SIG Entrepreneurship Paper Development Workshop via email (diego.matricano@unicampania.it) by **8 of October 2023**.

Please, e-mail a single PDF file document that contains the following information:

- Short bio (max 150 words);
- Extended abstract (3000/4000 words including references, tables, and figures);
- A cover letter with insights and question(s) that authors would like to discuss (max one page).
